Studying at home

Peter is 7 years old and he is a Ugandan. Peter is a good student and he usually gets good results in his tests and exams, but he now does not go to school.

The truth is he lives in a big city, where there are many schools, but all the schools are closed.

There is a pandemic in the world and children can't go to school. Peter studies at home. He has books, pens and pencils but his lessons are on the computer.

Every morning Peter sits in front of his laptop for two hours as watches and listens to his lessons. His teachers use cameras and interactive worksheets.

He can talk to his teachers and the other students in his class. All the children are at home at the moment peter misses his friends and his teachers.
